

# Your guide to applying for a donation

## What is the Toyota Manufacturing UK Charitable Trust?

The Toyota Manufacturing UK Charitable Trust formed in 2008 with the aim of supporting the local community through registered charities.

The main beneficiary of the Trust fund in 2020 is Cancer Research UK, however, part of the fund is available for donation.

Donations will be made to charities supporting our key focus areas of road safety, health and social deprivation.

## Who can apply for a donation?

Donations will vary depending upon the fund available annually. Please be aware that funding will be reduced this year as Covid-19 has massively impacted our fundraising activities throughout 2020.

Donations are available to charities registered with the charities commission, or those organisations with an annual income of less than £5,000, who match the criteria for support (see application criteria).

## How to apply?

To be considered for a 2020 donation, please return your completed application by Friday 27<sup>th</sup> November 2020 to:

Julie Langley, External Affairs Team, Toyota Manufacturing UK Charitable Trust, Toyota Manufacturing UK Ltd, Burnaston, Derbyshire, DE1 9TA.

The application form is pdf format. However, should you require a copy in word format, please contact Julie by telephone on 01332 283611.

**Please Note:** Unfortunately, we are unable to accept applications received after the closing date.
